

What You Can Do About Climate Change

ACT NOW
For Future Generations
www.eldersclimateaction.org

1. Stay Informed	Subscribe to ECA's newsletter and action bulletins Find us on Facebook and Twitter Join our Partner Organizations
2. Talk to Others	Host conversations on climate change. Form a book club or study group. Write letters expressing your concerns
3. Reduce Your Carbon Footprint	Use public transportation, bicycle, walk. Eat less red meat Recycle
4. Become a Climate Voter	Discuss climate legislation with your representatives. Ask where politicians stand on climate change, apply pressure. VOTE!!
5. Become Engaged	Join grassroots climate change organizations like Elders Climate Action Support local, national and global climate change actions
6. Align Investments	Divest from fossil fuel companies where possible. Encourage organizations to align their investments with their values
7. Persist	Participate in climate change protests and events. Be willing to resist business as usual through peaceful demonstration
