

Make 2020 the
Year of the
Environmental
Voter

Be Part of Elders Promote the Vote

ECA has formed a partnership with the Environmental Voter Project (EVP) to encourage millions of strong environmentalists to vote in the 2020 election. Research shows that people with strong environmentalist priorities are not always the most consistent voters. But they are very persuadable to vote. ECA has formed and trained teams to text, call and canvass and encourage voters to get to the polls. We gained valuable experience in 2019 with some critical races and will amplify our efforts in 2020.

You can text (anonymously) from your smart phone, tablet or computer.

During the 2018 elections, Elders Climate Action partnered with EVP to get out the vote. We conducted “Get out the Vote” efforts in Colorado, Florida, Georgia, Massachusetts, Nevada, and Pennsylvania, reaching more than 396,759 registered voters. In 2019 the Environmental Voter Project has expanded into six new states: Arizona, Maine, New Hampshire, New Mexico, North Carolina, and Virginia. ECA members sent more than 248,388 text messages in 2019 for a combined two year total of 645,147 text messages! **We are well on our way to sending 1 Million text messages in 2020!**

Join us, be part of this exciting project and help mobilize voters.
